### INVOLVEMENT WITH THE UNITED NATIONS

You may not know of the involvement of Rotary in the United Nations. In 1943 an international group of Rotarians met in London and from that meeting was born UNESCO, an early step to the later founding of the United Nations. Rotary was asked to draft the Humanitarian Charter for the UN, and has since held a permanent seat on the UN.

### THE ROTARY FOUNDATION

The Rotary Foundation is Rotary's own charity. It is one of the largest of its kind in the world, donating over \$1million per day to support international humanitarian projects, some related to Peace Studies.
